GitHub Portfolio: [<https://github.com/samane-shahraki/My-portfolio.git>]

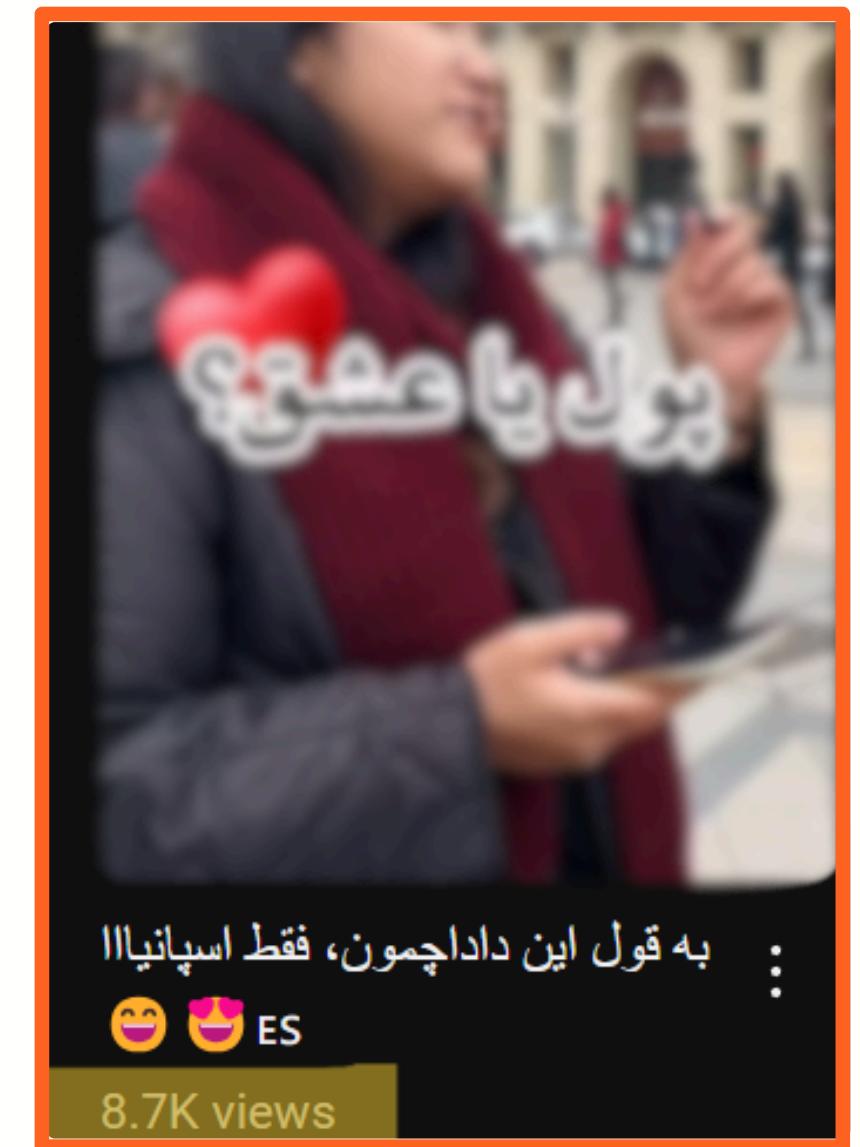

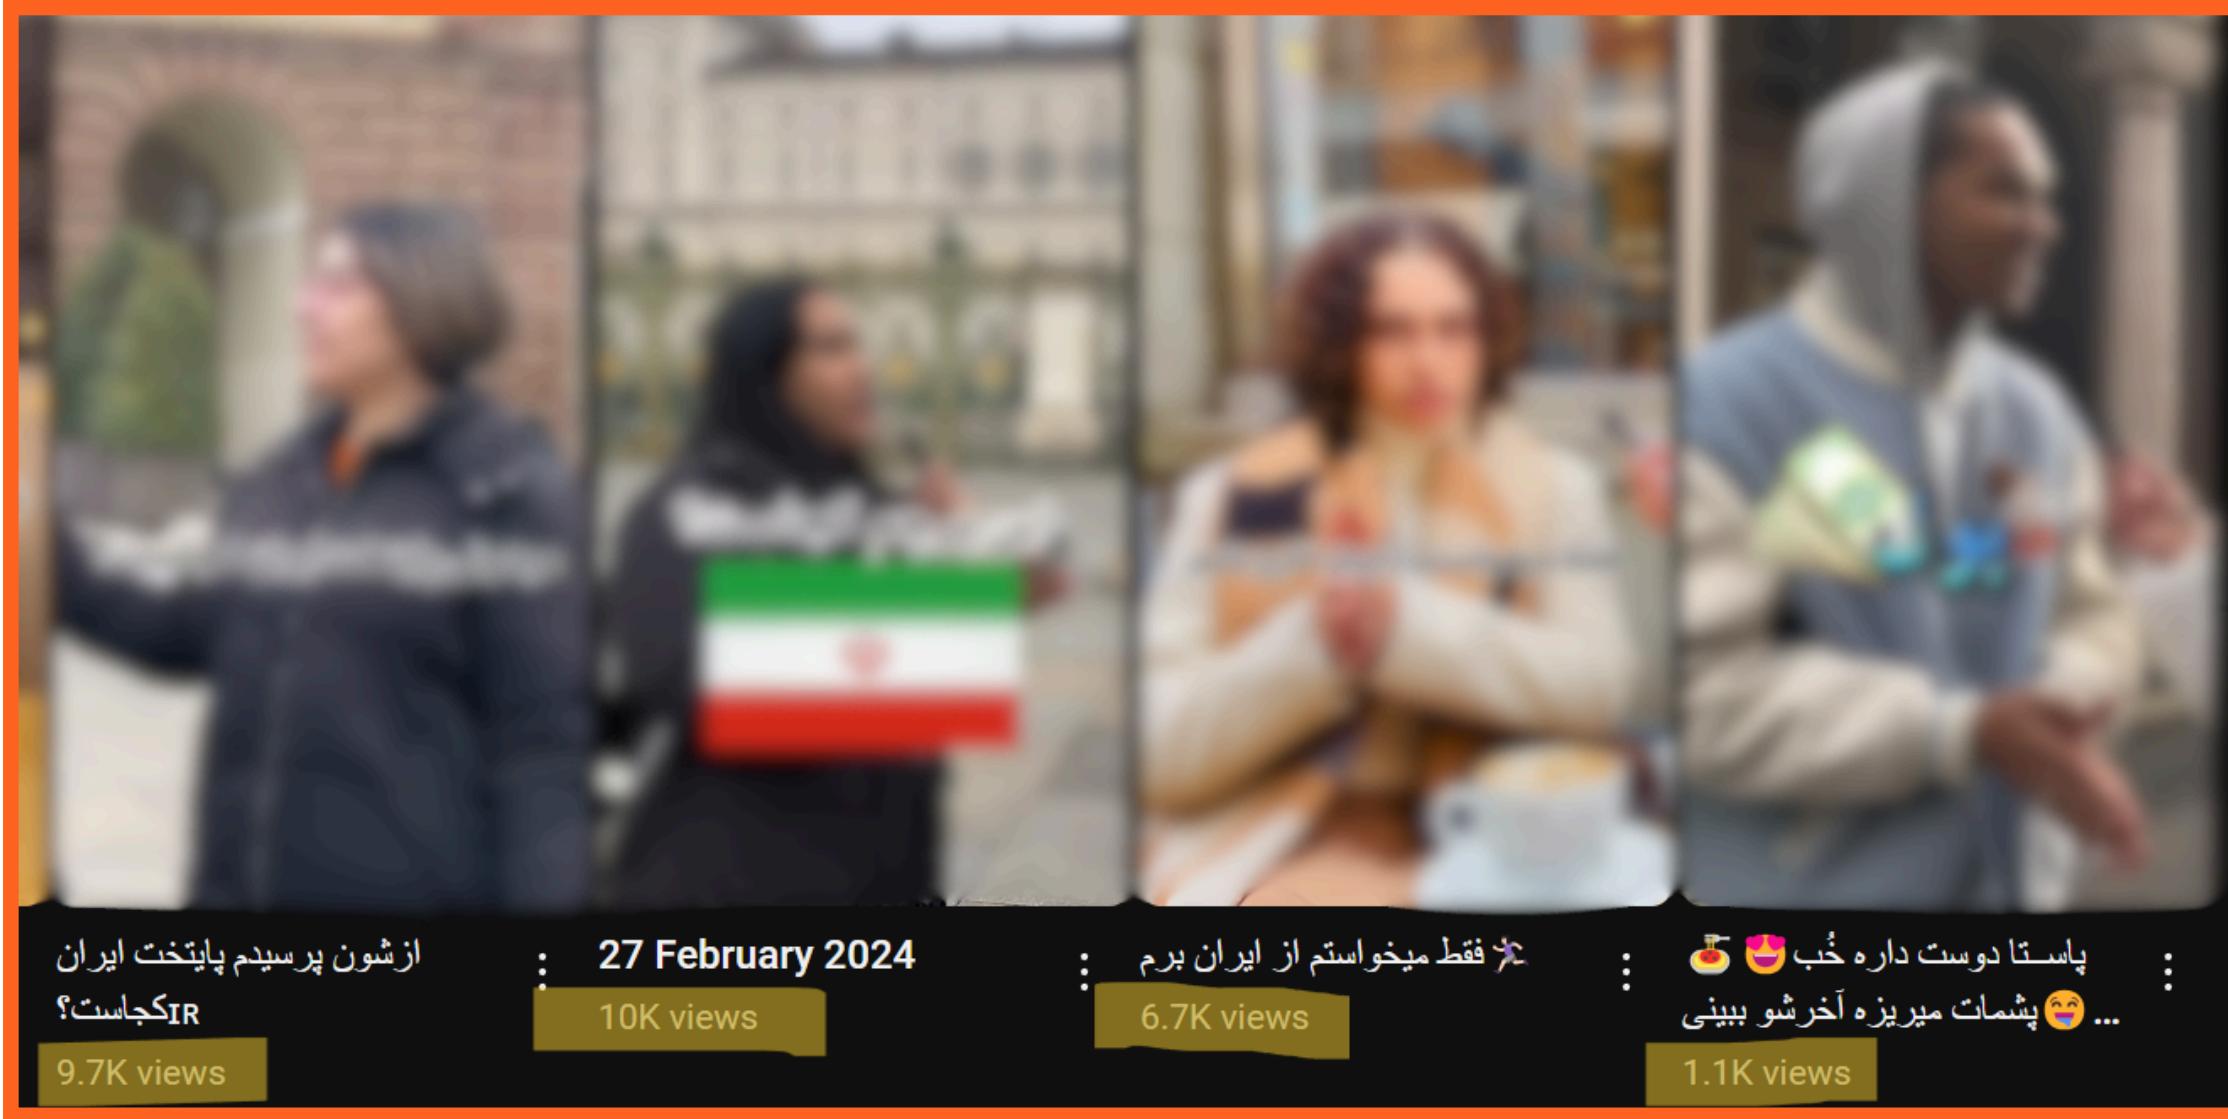

I have uploaded a selection of my work, including video edits for YouTube Shorts and Instagram Reels, as well as photo edits. However, due to client confidentiality, I am unable to share many of my private photo editing projects. For video edits, I have included a few examples, but since my client's YouTube channel has been closed because of some personal reason. I am unable to provide direct links to the videos. Instead, I have attached screenshots showing the performance and view counts of the shorts I worked on.

Feel free to explore my portfolio on GitHub to see my work.
